

Join Our Research Study

Researchers from Manchester Metropolitan University and the University of Oslo invite autistic adults to take part in an online study on language preferences.

Are you?

- autistic
- 18 years or older
- a native speaker of English

The study involves completing an online survey lasting approximately 30 minutes. You will be asked to answer some brief background questions, complete short questionnaires, and indicate your preferences for different descriptions of images.

Participants may enter a prize draw to win one of five £30 vouchers.
